

MOOR TO LIFE
Education & Wellbeing

Moor To Life CIC

A leading not for profit, nature and adventure based education focusing on regenerative land management, education, wellbeing and community engagement.

www.moortolifecic.com

Our Mission

To be a leader in nature inspired, outdoor education, and create a leading centre of excellence for Neurodivergent talent at Wrangaton.

We will raise aspirations by up-skilling communities to be more environmentally conscious, reconnect with nature and respectful of the world around them.

About Us

We are a proud not for profit education provider focusing on explorative, adventurous and nature engrossed education & wellbeing. Our objective is to create purposeful engagement to positively impact the learner, the community and the environment.

Our innovative approach combines ecologically sustainable, regenerative land management and adventurous activities to offer fully inclusive, engaging and healthy outdoor programs, tailored to suit the needs of all ages and abilities.

Our objective is to create unrivalled impact on the environment, humans and the wider community.

Our Ambition

Neurodiversity is
biodiversity of the brain

 **MOOR TO LIFE**
Education & Wellbeing

- Wrangaton will be the UK's first centre of excellence for Neuro-Divergent Talent.
- We will be the forerunner in community engagement through nature based engagement, vocational up-skilling and conservation education.
- We will create a lasting impact on as many peoples lives as possible by creating a range of community led initiatives to educate and champion sustainability.
- We will connect and educate the wider community on the importance of sustainability, conservation and nature connectivity through our explorative education pathways.

Together with our partners, Moor To Life CIC have created an unrivalled nature and adventure based education programme that continues to make a significantly positive impact on young children of the South West and the wider community.

The truly unique location of the ND Centre of Excellence will transform the landscape of education. and community engagement through empowerment and purposeful career opportunities.

Strong partnership will support many young people from a range of diverse backgrounds to experience fully inclusive activities and promote purposeful and forward thinking education.

The Impact

Since opening, we have grown to be one of the most unique alternative provisions in the UK. Our STRONGER TOGETHER ethos of connecting nature with adventure is now a highly sought after service with many young people on a waiting list for the 26/27 academic year.

The ND centre of excellence would be the home of our unique post 16 offering and an industry leading professional development program, specifically focusing on Neuro divergent leadership.

Together we will develop and unrivalled, creative education experience opportunities for neurodivergent talented individuals.

“Our deepest fear is not that we are inadequate but that we are powerful beyond measure”

STRONGER TOGETHER

A woman wearing a blue jacket, a grey helmet, and a black and orange patterned scarf is giving a thumbs up gesture. She is standing in a rocky, grassy field. The background is a vast, open landscape with scattered rocks and patches of green grass. A dark teal horizontal band is overlaid across the middle of the image, containing the text "Thank You" in white.

Thank You
